DERBY CITY COUNCIL

Governor Profile

Who am I ?

I am Emily Parsons I live with my partner Steve and my two children Miles and Lucille. I work at Derby College as an Educational Support Worker.

What are my interests?

My children are huge train enthusiasts so weekends are usually spent visiting heritage railways. I have recently taken up running and I am keen to improve my fitness. As well as having two children I have 7 rescued cats which take up a lot of time. I love all animals and I support several animal charities. When I get a break from being 'mum' I enjoy live music and the cinema.

Where do I come from?

I had a happy childhood growing up in Quorn near Loughborough. I moved to Derby in 1999 to attend Derby University where I gained a first class degree in film and television studies. Derby quickly became home to me so I stayed and commuted to Nottingham Trent University where I studied my PGCE. I have worked for Derby College for just over 10 years now.

How did I become involved in the school?

I found the Sure Start Centre an immense help as a first time mum and it was there that I heard about Lakeside's excellent reputation. When my daughter started nursery at the school I was keen to find out more so I attended a coffee morning and met like minded people. I soon became involved in fundraising, helping on school trips and listening to children read. The staff have made me welcome and I feel I am a valued volunteer. I am pleased to contribute to such an exceptional school.

When can you find me?

You can find me in the library on Monday and Friday morning's busily organising the books. If you have anything you would like to discuss or ideas on how parents can be more involved at school please come along to the Laker's coffee morning every Friday during term time at 8.45 for coffee, cake and a chat!
