Dear Parents / Carers,

For the past 12 weeks an educational charity called SkillForce have been delivering sessions from the Prince William Award (PWA) at Lakeside Community Primary School to the brilliant Year 5 classes. They are an amazing group of children and our sessions focus around team building, resilience and raising confidence. As part of the programme, the children have to organise a fundraiser for a cause. During the session, the children chose a range of charities and causes to raise money for, after a group vote it was decided to raise money for the school to buy new playground equipment.

The children are planning a 'PWA Open Session', this event will have a range of activities that the children have been doing in the recent weeks. These are for the parents (and other children) to take part in for a small donation. I would be delighted if you could attend and help the children raise money for a worthy cause.

This event will take place at the School on 14th December at around 9.30 for Miss Fowler's class and 2pm and aiming to finish around 3pm for the other 2 classes. There will also be certificates handed out to the children for completing Term 1 of the Prince William Award.

If you would like to make cakes to send in to be sold then that would be fantastic, any other assistance please contact the class teachers.

Look forward to meeting you all,

Yours faithfully,

Joe Stanton, PWA Instructor
