

HELP BUILD A SCHOOL IN KENYA

An opportunity has arisen for our pupils to help a school in Nakuru, Kenya. One of our Year 6 parents will be part of a group of Derby County Community Trust volunteers who will be travelling to Africa in May this year to help build new schools/work in the classrooms.

Our school can be part of this by designing a T-shirt, the best of which will be printed and taken there for children in the school to wear. It will be great to think that the Lakeside logo is being worn thousands of miles away by another school pupil.

If your child would like to be part of this half- term competition and have a chance to win a prize a design sheet (50p to enter) is available from the school office. Please complete your T-shirt design and bring it to the office by Friday 2nd March so that we can send it off for judging. We will also have a 'dress down' (Non School Uniform) day on the 2nd March when you can donate 50p towards this project.
